RE: Safety Matters Briefing Documents

To: All Safety Matters Team Members,

Thank you for submitting the Safety Matters briefing documents to the National Wildfire Coordinating Group (NWCG). Firefighter and public safety are the top priorities in wildfire management. All federal, state, and local agencies and tribes involved in wildfire management are continuously seeking ways to enhance firefighter safety at all levels of our organizations and welcome constructive input. The Safety Matters briefing documents have been referred to the NWCG Risk Management Committee for consideration and response, commensurate with other priority projects.

If you have any questions, please contact Risk Management Committee Chair Tony Beitia at juan.beitia@bia.gov or 208-387-5177.

Thank you,

Dan Smith
Chair
National Wildfire Coordinating Group (NWCG)
